

CLEAR FORK VALLEY LOCAL BOARD OF EDUCATION

**Buildings and Grounds Meeting
5:30 p.m.**

REGULAR BOARD MEETING

May 11, 2017

**Clear Fork High School Media Center
6:30 p.m.**

District Mission Statement:

We care for our students by modeling our community's heritage and tradition of excellence to increase student achievement.

The Regular Board Meeting of the Clear Fork Valley Local School board was called to order at 6:30 PM by Board President Mr. Jim DeSanto.

Roll call was taken and the following members were present: Mr. Jim DeSanto, Mr. Jim Klenk, Mr. Dan Freund, Mr. Jason Snyder and Mr. Carl Gonzalez.

2017-108

Upon Motion by Mr. Gonzalez and seconded by Mr. Snyder, the Board approved the minutes of the Regular meeting of April 20, 2017 as presented.

The vote was:	Mr. Gonzalez	Yes	Mr. Freund	Yes
	Mr. Snyder	Yes	Mr. DeSanto	Yes
	Mr. Klenk	Yes		

COMMUNICATIONS FROM THE PUBLIC – Public comments will only be permitted during this section of the agenda.

Mr. Bryan Barnard, an attorney from Wooster Ohio addressed the board on behalf of Teacher's Association and requested permission to address the board by reading unto the record and to the board an open letter, which is as follows:

May 11, 2017

Dear Board of Education,

This letter is written to express concern regarding recent school board conduct that has contributed to an atmosphere of uneasiness, distrust, division and negativity throughout the district. As a result, this board's ability to effectively lead the district in its purpose and mission has been brought into question.

School board members have not been supporting or following the chain of command with regard to communication and decision making, at all levels throughout the district.

Board members have been improperly seeking information outside and inside the school buildings by questioning parents, students, teachers, and administrators under the guise of being informed about what is going on in the district, so that they can do their job as a board.

Board member behavior has created a perception of making decisions based on improper influence that has included biased information, hearsay, and social media posts.

School board members have made public statements, social media posts and statements to the media that have been described as inappropriate, inaccurate, accusatory, and inflammatory.

The board has been going beyond its intended role of oversight and into the realm of management. We are asking the Board to acknowledge and fulfill its appropriate role of governance as outlined in board policies BA and BBA. We are asking the Board to stop undermining the administration they have hired to conduct the daily business and operations of the schools and stop acting as administration through micromanagement practices. We are asking the Board to recognize its authority and duties as described in board policy BBAA.

School board members have an obligation to those citizens who have elected them and to the teachers and staff employed by the district, to conduct the operation of the district in a legal, ethical, efficient, and responsible manner.

Our district has a history of collaboration between teachers and staff, administration, and the board. The teachers and staff are committed to working together to provide an educational environment and extracurricular opportunities that create productive and successful citizens and future leaders.

This letter is written to serve as a call for action to the Clear Fork Valley School Board to right itself, and return focus on governance and fulfillment of its proper authority, powers and duties for the benefit of all stakeholders in the Clear Fork Valley School District.

Sincerely,

Clear Fork Valley Education Association
AFT/OFT Local 4109

Mr. DeSanto thanked Mr. Barnard as requested a copy of the letter to be distributed to the board members. Mr. DeSanto responded to the letter and addressed the teachers that were present by stating the board is committed to providing you an excellent working environment so that you can do the best job for our children. He said that they would re-read the letter and take their thoughts into consideration.

ITEMS FROM SUPERINTENDENT/BOARD

Retirement recognition – Mr. Kelly Stanford recognized High School Cafeteria Manager Victoria Balliett for her 30 year of dedication to the Clear Fork Valley district stating that she has had a hand in serving over two point two million meals to students over her career. Mr. Kelly Stanford recognized High School Cafeteria worker Janet Beal who has served over one point two million meals to students and has worked with Mr. Stanford his entire 18 years in the district. Mr. Kevin Carr recognized Ms. Debra Kirkpatrick for her years of service starting in 1993 stating that it is tough because the experience can't be replaced and she has been with him from the start through the good, the bad and the ugly.

Mr. Dan Shaffer, Music Boosters President, presented the board with a request for permission to extend their current concession stand by 6 feet on the East side of the building and add a four by six foot porch on the south side of the building. Mr. Shaffer explained how that addition would help them generate more revenue which in turn will be used to further support the Music department. Mr. Shaffer also shared with the board the extent to which they have been currently supporting the music program by sharing with the board how much the Music Boosters has spent on instruments and how many students benefit from their donations. Mr. Shaffer additionally asked the board to pay for half of the cost for enlarging the small concession stand at the football stadium and provided the board with a proposal from a builder to complete the addition.

Mr. DeSanto asked about the timeline, which was to be done before the football season starts. Mr. Gonzalez asked if it included any additional electric work, the response to which was that the electrical upgrade was completed last summer at the music booster's expense. No board members had an objection to what was being proposed.

2017-109

Upon Motion by Mr. Gonzalez and seconded by Mr. Klenk, the Board to approved a contribution of \$1,451.00 toward the Music Booster's project proposal from the permanent improvement fund.

The vote was:	Mr. Gonzalez	Yes	Mr. Freund	Yes
	Mr. Klenk	Yes	Mr. DeSanto	Yes
	Mr. Snyder			

Math Literacy Initiative / Algebra Project presentation – Dr. Terri Bucci and Jessica Litzenberg shared with the board what the Algebra project is, what is happening in the classroom and how it is implemented. It is based on creating an environment where kids know that they are mathematicians so they feel comfortable using math working on content knowledge and having the students feel empowered to be mathematicians. Ms. Litzenberg explained that she has

been involved with this program for the past three years and next year in moving into the role of math coach. She shared reasons why the district should remain involved with this project noting the content knowledge within the teachers which was described as a mindset shift, changing the culture from being a math teacher to a mathematician. It dives into the standards, networking with teachers in 5-6 other districts unraveling the standards as and focusing on consistency within the grade levels and it gives the teachers a platform to discuss a concept and provides a consistency throughout the grade levels. Ms. Litzenburg then demonstrated how the Algebra project looks in a classroom by sharing an activity that she uses to teach one of the standards called a trip line. Starting with a shared experience like a trip, the students put the stops on the trip in sequential order and in the fourth grade they then related it to fractions. Then the students do a pictorial representation followed by a people talk to write about their shared experience and a featured talk and finally come up with a symbolic representation of the math in their terms.

Mr. DeSanto asked how they are leveraging the investment in time and money into this initiative into a better understanding of math for the kids versus the old way of teaching math and what results is the district getting for our money. Mrs. Litzenburg said that it is a framework that can be used with any book and in her own experience by just having a platform to talk about math it builds her confidence and she is a completely different teacher then she was a year ago and she feels like she understands the standards and she is able to teach the rigor that the new learning standards require. It provide the rigor and the richness that the new standards require. Mr. DeSanto asked if it is was fair to say that this investment in her professional development has made her a better teacher and has provided better outcomes for her students. Mrs. Litzenburg said definitely and she believes that her opinion is shared by the people who have been involved and she would like to see more people become involved. Mr. DeSanto said he was glad and he hopes that it takes off.

Mr. Steve Bloir and Mrs. Kirstin DeVito shared with the board next year's proposed schedule changes for their buildings. Mr. Bloir described the schedule at Butler with one teacher teaching one subject content area in both fourth and fifth grade. Mrs. Kelly Shinnabarger is continuing the gifted identification in the Butler building. Mrs. Devito explained that in the Bellville building there are seven teachers between the fourth and fifth grade. In Bellville, in order to create instructional blocks so they can support programs like the Algebra project and the Literacy Collaborative, to reduce the transition times of the students, and to provide more instructional time to better serve both the gifted students as well as the students with disabilities they are scheduling three teachers to teach two different content subjects in both fourth and fifth grades creating three different teams. One teacher will have a multi-age classroom and all the students identified as gifted will be clustered in that classroom.

Mr. DeSanto shared with the board a summary of what was discussed at the building and grounds meeting prior to the regular Board meeting. He shared a presentation from the Clear Fork Youth Soccer League requesting additional space for their soccer fields and for parking for the property that the league leases from the district. He shared that the committee has been looking into an additional security light at the corner of Dill Road and St. Rt. 97 but right now they are looking into renting a light plant during the times the district may need

additional lighting. He shared that the district is looking into having the track resurfaced/rejuvenated in the next year or two rather than restriping it now. He also shared the district is looking into replacing the van that transports students to Columbus each day and discussed the summer projects.

Ms. Wyckoff then shared where the district is with the new Elementary buildings. She shared that right now the architects are done with the exterior design, except for the color and they are currently working on the interior drawings. She shared that right now the public can go to the website and vote if they would like grey or green building accents. She explained that the district has met with the architects through the computer on interior colors and designs as well as Technology, Music, PE, Art and the Media Center designs.

TREASURER'S REPORT

Upon Motion by Mr. Snyder and seconded by Mr. Gonzalez, the Board:

2017-110 Approved the April Financial Report.

2017-111 Approved the revised five-year forecast.

Mr. Freund commented that over 98% accuracy of the projections on a very fluid budget is pretty good. Mr. DeSanto asked about the next fiscal year and stated that we are spending more than we are bringing in and we need to be mindful of our expenditures. He asked about the budget that the board will be receiving in October. Mr. Stevens explained that the October budget will be more accurate because it will be after the state has set their biennium budget and the revenues will be known. It was explained that currently both the Governor's budget and the budget that has passed the House has the district slated to have the foundation or unrestricted aid cut by \$326,000. Though it still has to pass the senate and can be changed, in order to anticipate some reduction, the forecast reflects a \$200,000 reduction in the state foundation unrestricted aid. Mr. DeSanto wants to make sure the administration is working to reduce expenditures and wants a budget come October where expenses don't exceed the revenues to the best of the administration's abilities. Mr. DeSanto wants a budget that doesn't exceed the revenues. He stated that he is not a big fan of deferring purchases of things like busses because they still need replaced at some point. Mr. Klenk said that expenditures can't exceed revenues and once you start going down that road the district will really be in trouble. He said that we have to make adjustments and we have less students then we had in 2012 but our personnel expenditures are higher. He said that speaking as a taxpayer he sees we have less students but are spending more money so the district has to figure out how make the 1% do what we told the community it would do. He said that it is your job to figure it out. Mr. Freund asked about a ballpark figure on how much the district spends on personnel and benefits, which is 75%.

Mr. Stevens responded that part of the board's initiative is to replace busses at 2 per year, at a cost of \$200,000 per year. That is one million dollars of the forecasted expenses. In addition, another one of the board's initiatives is to replace curriculum, over the course of the forecast at \$300,000 per subject there is another \$1 million in expenses. Though it is the treasurer's job to build a

budget, it is also the treasurer’s job to carry out the board’s initiatives. Mr. DeSanto said it was a team effort. Mr. Klenk said that he agreed and he said that going forward if an aid happens to leave us, the administration needs to evaluate if the aid is really needed before we replace them. Ms. Wyckoff said that the board has given the directive not to add staff and if there are areas that attrition can occur we will make that happen.

**The vote was: Mr. Snyder Yes Mr. Freund Yes
Mr. Gonzalez Yes Mr. DeSanto Yes
Mr. Klenk**

SUPERINTENDENT’S REPORT

Upon Motion by Mr. Klenk and seconded by Mr. Freund, the Board:

2017-112 Employed the following certified personnel on a one (1) year supplemental contract for the 2017-2018 school year.
