SCHOOL DISTRICT LEGAL STATUS

The United States Constitution grants the individual states responsibility for public education.

The Ohio General Assembly is under mandate by the Constitution of Ohio to provide for the organization, administration and control of a public school system supported by public funds. The Ohio State Constitution also mandates a State Board of Education (SBOE) and a Superintendent of Public Instruction, the respective powers and duties of which are prescribed by State law.

The Ohio General Assembly has also established a State Department of Education (through which policies and directives of the SBOE and Superintendent of Public Instruction are administered) and has established specific types of school districts.

The Clear Fork Valley School District is classified as a local school district governed by a locally elected Board of Education.

THE PEOPLE AND THEIR SCHOOL DISTRICT

The public schools belong to the people. The people govern the schools under rights guaranteed to them under the Constitution and statutes of our State. The people exercise their proprietorship through the elective process. They elect state and federal representatives who establish through the legislature and the Congress, the framework of law within which the schools operate. The people elect a school board to represent them and to determine local educational plans and policy and to establish publicly-endorsed educational goals and objectives. The Clear Fork Valley Local Board of Education functions as an agency of the public within this framework.

The Board is mindful that the people are the ultimate governors of public education and that the Board is directly accountable to the people through the elective process. But the Board also believes that accountability is shared responsibility involving students, teachers and other employees, the Superintendent and the people themselves as well as the Board. The Board therefore asserts these beliefs and expectations.

1. Students should be trained at home and by the schools in order that they will learn to hold themselves accountable for their own lives, actions and decisions as maturing members of democratic society.
2. Teachers should hold students accountable for achieving (within the limits of each student's abilities) the objectives of each learning experience.
3. The Superintendent should hold teachers and other employees accountable for working with diligent effort and with intelligence and imagination in achieving the objectives directly related to their state job responsibilities.
4. The Board should appoint the most capable person available to hold the position of Superintendent and should hold him/her accountable for providing creative professional leadership and counsel in all aspects of the District program.
5. The Board should also hold itself accountable for carrying out its mandate to plan, to make policy and to lead in the identification of goals and objectives and the resources necessary for their achievement.

The Board encourages the public to maintain a vigorous interest in, concern for and constructive criticism of the schools; to elect the most able men and women available to represent them on the Board and in the State Legislature and U.S. Congress; and to provide the resources necessary for the Board and staff to accomplish the publicly-endorsed goals and objectives of the District.

COMMUNITY INVOLVEMENT IN DECISION MAKING

Community participation in the schools is essential to promote and maintain the quality of education for all students.

In addition to electing fellow citizens to represent them on the school board, all citizens may express ideas, concerns and judgments about the schools to the administration, to the staff, to any appointed advisory bodies and ultimately to the Board. Ideas should be addressed to the responsible individual in an appropriate fashion.

Residents may be invited by the Board to act as advisors, individually and in groups, in such areas as:

1. clarifying general ideas and attitudes held by residents in regard to the schools;
2. developing Board policies under which the school system is to be managed;
3. establishing administrative arrangements and regulations designed to help implement these policies;
4. determining the purposes of courses of study and special services to be provided for students;
5. evaluating the extent to which these purposes are being achieved by present policies and/or
6. solving a specific problem or set of closely related problems about which a decision must be made.

The Board gives consideration to the advice it receives from individuals and community groups. Final authority for all decisions rests with the Board.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or grievances to the Board, it is expected that they proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STUDENT INVOLVEMENT IN DECISION MAKING

Students share responsibility for developing a climate in the school which is conducive to learning. Through participation in the decision-making process, students can be an important resource for the improvement of the school, the educational system and the community. Periodically, students may be asked to review school policies, rules and regulations.

A student may be elected to serve on the Board as a representative for the student body to better facilitate communication between the Board and the students, to increase awareness of the democratic process within the District and to improve the opportunity for participation in the decision-making process.

The student must be a high school student elected by the student body to serve for a one year term.

NONDISCRIMINATION/HARASSMENT

The Board's policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, citizenship status, religion, sex, economic status, age, disability or military status.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means including the use of electronic communications devices, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

Employees or students who engage in discrimination/harassment of another employee or student shall be subject to disciplinary action.

Permission, consent or assumption of risk by an individual subjected to discrimination/harassment does not lessen the prohibition contained in this policy.

No one shall retaliate against an employee or student because he/she files a grievance; assists or participates in an investigation, proceeding or hearing regarding the charge of discrimination of an individual; or because he/she has opposed language or conduct that violates this policy.

The board designates the following individual to serve as the District's compliance officer/civil rights coordinator:

Title: _____
Address: _____
Phone number: _____
Email: _____

The name, title and contact information of this individual is annually published in District handbooks and on the District website.

The compliance officer is responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address any inquires or complaints regarding discrimination/retaliation or denial of equal access in a prompt and equitable manner.

Reports and Complaints of Unlawful Discrimination/Harassment

All persons associated with the District, including, but not limited to, the Board, administration, staff, students and third parties are encouraged to promptly report incidents of unlawful discrimination/harassment.

The Board has developed complaint procedures, which are made available to every member of the school community. The Board also has identified disciplinary penalties, which may be imposed on the offender(s).

Matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible.

NONDISCRIMINATION ON THE BASIS OF SEX/ SEXUAL HARASSMENT

The U.S. Department of Education has published regulations for implementing Title IX of the Education Amendments of 1972, which prohibits sex discrimination in federally assisted education programs.

Title IX states, in part: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any education program or activity receiving federal financial assistance.”

The Board ensures compliance with Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964 and the regulations promulgated through the U.S. Department of Education.

All persons associated with the District, including, but not limited to, the Board, the administration, staff students, and third parties are expected to conduct themselves at all times so as to provide an atmosphere free from sex discrimination and sexual harassment. Sex discrimination and sexual harassment, whether verbal or nonverbal, occurring inside or outside of District buildings, or on other District-owned property or at school sponsored social functions/activities is illegal and unacceptable and will not be tolerated. The District may have an obligation to investigate and/or respond to sexual harassment occurring off school grounds, when the harassment creates a hostile environment within the school setting. Any person who engages in sexual harassment while acting as a member of the school community is in violation of this policy.

The District takes measures to eliminate harassment, prevent its recurrence and address its effects, and will implement interim measures as deemed necessary.

Definition of Sexual Harassment: Unwelcome sexual advances, requests for sexual favors or other verbal, nonverbal, or physical conduct of a sexual nature may constitute sexual harassment when:

1. submission to such conduct is made, either explicitly or implicitly, a term or condition of a person’s employment or status in class, educational program or activity;
2. submission to, or rejection of, such conduct by an individual is used as the basis for employment or education decisions affecting such individual or
3. such conduct has the purpose or effect of unreasonably interfering with an individual’s work or educational performance by creating an intimidating, hostile or offensive environment, or by interfering with one’s ability to participate in or benefit from a class or educational program or activity.

Sexual violence is a form of sexual harassment and refers to physical sexual acts perpetrated against a person’s will, or where a person is incapable of giving consent. Examples of sexual

violence include but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Sexual harassment include gender-based harassment, which refers to unwelcome conduct based on an individual's actual or perceived sex, (including harassment based on gender identity and nonconformity with sex stereotypes), and not necessarily involving conduct of a sexual nature.

Examples of sexual harassment-type conduct may include, but are not limited to, unwanted sexual advances; demands for sexual favors in exchange for favorable treatment or continued employment; grooming; repeated sexual jokes, flirtations, advances or propositions; verbal abuse of a sexual nature; graphic verbal commentary relating to an individual's body, sexual prowess or sexual deficiencies; coerced sexual activities; any unwanted physical contact; sexually suggestive or obscene comments or gestures; or displays in the work place of sexually suggestive or obscene objects or pictures. Whether any such act or comment may constitute sexual harassment-type conduct is often dependent on the individual recipient.

All of these types of harassment are considered forms of sex discrimination prohibited by Title IX.

The Board has developed informal and formal discrimination and harassment complaint procedures. The procedures provide for impartial investigation free from conflicts of interest. The Board also has identified disciplinary measures that may be imposed upon the offender. Nothing in this policy or procedure prevents an individual from pursuing action through State and/or Federal law, contacting law enforcement, or from filing a complaint with the United States Department of Education, Office of Civil Rights, the Ohio Civil Rights Commission or the Equal Employment Opportunity Commission.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: _____

Address: _____

Phone number: _____

Email: _____

The Title IX Coordinator serves as the grievance officer and coordinates the District's efforts to comply with and carry out responsibilities under Title IX, including any complaint under Title IX. He/She is vested with the authority and responsibility for investigating all sexual harassment complaints in accordance with the procedure set forth in the accompanying regulation and staff and student handbooks.

Confidentiality/Retaliation

Sexual harassment matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible, consistent with the Board's legal obligations to investigate. Although discipline may be imposed against the accused upon a finding of guilt, the District prohibits retaliation for an individual's participation in and/or initiation of a sex discrimination/sexual harassment complaint investigation, including instances where the complaint is not substantiated. The District takes reasonable steps to prevent retaliation and takes strong responsive action if retaliation occurs.

NONDISCRIMINATION ON THE BASIS OF SEX/SEXUAL HARASSMENT GRIEVANCE PROCEDURES

The Board has created informal and formal discrimination and harassment grievance procedures, providing for a prompt and impartial investigation free of conflicts of interest. All students and District employees are required to fully cooperate when asked to participate in an investigation.

Members of the school community and third parties are encouraged to promptly report incidents of sex discrimination or sexual harassment. Complaints may be filed with any District employee, or directly with the Title IX Coordinator. District employees are required to report these incidents to the Title IX Coordinator upon becoming aware of an incident, and failure to do so may result in disciplinary action.

Complaints of sex discrimination or sexual harassment must be filed within 180 calendar days of the alleged incident, as delays in filing complaints can make it difficult to investigate. Both the informal and formal grievance procedures are completed within 60 days of the date the incident was reported to the Title IX Coordinator, unless extenuating circumstances exist. Periodic updates are made as appropriate during the investigation.

The Title IX Coordinator determines whether or not, by “a preponderance of the evidence,” the alleged victim’s allegations are true. “A preponderance of the evidence” means that evidence must show the alleged discrimination/sexual harassment was more likely than not to have occurred.

Pending the final outcome of an informal or formal investigation, the District institutes interim measures to protect the alleged victim and informs him/her of available support services. Interim measures may include, but are not limited to: a District-enforced no contact order, schedule changes, academic modifications for the alleged victim, and/or school counseling for the alleged victim. These measures should ensure the alleged victim continues to have equal access to all education programs and activities and the safety of all students is protected.

If any of the names of officials are the accused or are the alleged victim, the Board designates an alternate investigator and retains final decision-making authority.

All matters involving sexual harassment complaints remain confidential to the extent possible.

Informal Procedure for Addressing Complaints

An informal grievance procedure can be used when the Title IX Coordinator deems it appropriate and/or when the parties involved (alleged victim and accused) agree that an informal process is appropriate and sufficient. The informal process is not used when the alleged discrimination or harassment may constitute sexual violence or any other criminal act.

The Title IX Coordinator gathers enough information during the informal process to understand and resolve the complaint. The Title IX Coordinator proposes an informal solution based on this fact-gathering process, which may include, but not be limited to: requiring the accused to undergo training, and instituting protective mechanisms for the alleged victim.

Either party has the right to terminate the informal procedure at any time and pursue a remedy under the formal grievance procedure.

Formal Procedure for Addressing Complaints

While the formal grievance procedure may serve as the first step toward the resolution of a charge of sex discrimination or sexual harassment, it also is available when the informal procedure fails to resolve the complaint.

Through the formal grievance procedure, the Title IX Coordinator attempts to resolve the complaint in the following way:

The Title IX Coordinator promptly confers with the charging party/alleged victim in order to obtain a clear understanding of that party's statement of the alleged facts. The statement is put in writing by the Title IX Coordinator and signed by the charging party/alleged victim as a testament to the statement's accuracy.

The Title IX Coordinator meets with the charged party in order to obtain his/her response to the complaint. The response is put in writing by the Title IX Coordinator and signed by the charged party as a testament to the statement's accuracy.

The Title IX Coordinator holds as many meetings with the parties and witnesses (if any) as is necessary to gather facts. The dates of meetings and the facts gathered are all put in writing. The investigation is adequate, reliable, impartial and prompt, and allows both parties an equal opportunity to present witnesses and other evidence.

At the conclusion of the investigation, the Title IX Coordinator prepares a written report summarizing: the evidence gathered during the investigation and whether the allegations were substantiated; whether any Board policies or student or employee codes of conduct were violated; any recommendations for corrective action. The investigation report indicates if any measures must be instituted to protect the alleged victim. Such measures may include, but are not limited to extending any interim measures taken during the investigation. The report also informs the alleged victim of available support services, which at a minimum includes offering school counseling services if the alleged victim is a student.

Notice of Outcome

Both the alleged victim and the accused are provided written notice of the outcome of the complaint.

If either party disagrees with the decision of the Title IX Coordinator, he/she may appeal to the Superintendent. After reviewing the record made by the Title IX Coordinator, the Superintendent may attempt to gather further evidence necessary to decide the case and to determine appropriate action to be taken. The decision of the Superintendent is final.

Disciplinary Action

Any disciplinary action is carried out in accordance with Board policies, student and employee codes of conduct, State and Federal law, and, when applicable, the negotiated agreement. When recommending discipline, Title IX Coordinator considers the totality of the circumstances involved, including the ages and maturity levels of those involved. The Title IX Coordinator and the Superintendent determine if a recommendation for expulsion for an accused student or discharge for an accused employee should be made. If this recommendation is made and a hearing is required, the hearing shall be held in accordance with Board policy, State law and/or the negotiated agreement. Both the parties shall have an equal right to attend the hearing, have a representative and parent (if student) present, present evidence, and question witnesses.

The Title IX Coordinator meets with the charged party in order to obtain his/her response to the complaint. The response is put in writing by the Title IX Coordinator and signed by the charged party as a testament to the statement's accuracy.

The Title IX Coordinator holds as many meetings with the parties and witnesses (if any) as is necessary to gather facts. The dates of meetings and the facts gathered are all put in writing. The investigation is adequate, reliable, impartial and prompt, and allows both parties an equal opportunity to present witnesses and other evidence.

At the conclusion of the investigation, the Title IX Coordinator prepares a written report summarizing: the evidence gathered during the investigation and whether the allegations were substantiated; whether any Board policies or student or employee codes of conduct were violated; any recommendations for corrective action. The investigation report indicates if any measures must be instituted to protect the alleged victim. Such measures may include, but are not limited to extending any interim measures taken during the investigation. The report also informs the alleged victim of available support services, which at a minimum includes offering school counseling services if the alleged victim is a student.

Notice of Outcome

Both the alleged victim and the accused are provided written notice of the outcome of the complaint.

If either party disagrees with the decision of the Title IX Coordinator, he/she may appeal to the Superintendent. After reviewing the record made by the Title IX Coordinator, the Superintendent may attempt to gather further evidence necessary to decide the case and to determine appropriate action to be taken. The decision of the Superintendent is final.

Disciplinary Action

Any disciplinary action is carried out in accordance with Board policies, student and employee codes of conduct, State and Federal law, and, when applicable, the negotiated agreement. When recommending discipline, Title IX Coordinator considers the totality of the circumstances involved, including the ages and maturity levels of those involved. The Title IX Coordinator and the Superintendent determine if a recommendation for expulsion for an accused student or discharge for an accused employee should be made. If this recommendation is made and a hearing is required, the hearing shall be held in accordance with Board policy, State law and/or the negotiated agreement. Both the parties shall have an equal right to attend the hearing, have a representative and parent (if student) present, present evidence, and question witnesses.

NONDISCRIMINATION ON THE BASIS OF DISABILITY

The Board maintains that discrimination against a qualified disabled person solely on the basis of disability is unfair. To the extent possible, qualified disabled persons should be in the mainstream of life in a school community. In addition, the District is the recipient of federal funds and therefore must be in compliance with all laws and regulations which deal with disabled individuals.

Accordingly, employees of the District comply with the law and Board policy to ensure nondiscrimination on the basis of disability. The following is expected.

1. No one discriminates against qualified disabled persons in any aspect of school employment solely on the basis of disability.
2. Facilities, programs and activities are made available to qualified disabled persons.
3. Free appropriate public education at elementary and secondary levels, including nonacademic and extracurricular services and activities, are provided to qualified disabled persons.
4. No one excludes any qualified disabled person, solely on the basis of disability, from participation in any preschool education, day care, adult education or vocational education program.
5. Each qualified disabled person is provided with the same health, welfare and other social services which are provided to others.

EVALUATION OF PROFESSIONAL STAFF (Ohio Teacher Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The requirements of this policy prevail over any conflicting provisions of a collective bargaining agreement entered into on or after September 24, 2012.

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under RC 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE). Evaluators must complete state sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed evaluators chosen from ODE's list.

Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing, or Ineffective. This rating will be determined based on 50% teacher performance and 50% student growth measures. Student growth will be determined through multiple measures.

Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The teacher performance measure is based on the Ohio Standards for the Teaching Profession:

The Superintendent/designee selects / develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a

combination of: (1) Value-added data or an alternative student academic progress measure if adopted under RC 3302.03 (C)(1)(e); (2) ODE-approved assessments and/or (3) Board-determined measures. When available, value-added data or an alternative student academic progress measure if adopted under RC 3302.03 (C)(1)(e) shall be included in the multiple measures used to evaluate student growth in proportion to the part of the teacher's schedule of courses or subjects for which the value-added progress dimension is applicable.

If a teacher's schedule is comprised only of courses or subjects for which value-added data is applicable, the entire student academic growth factor of the evaluation for such teachers shall be based on the value-added progress dimension.

Value-added data based on the results of state assessments administered in the 2014-2015 and 2015-2016 school years will not be used to assess student academic growth. Such data also will not be used when making dismissal, retention, tenure or compensation decisions. The Board may administer ODE-approved assessments and/or local measures of student growth using state designed criteria and guidance for teachers of subjects where value-added scores from state assessments are not available. Evaluations for teachers of grade levels and subject areas for which the value-added progress dimension is applicable, and where no other measure is available to determine student academic growth, shall be based solely on teacher performance.

Students with 45 or more excused absences during the full academic year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Least Effective, (2) Approaching Average, (3) Average, (4) Above Average or (5) Most Effective student growth levels.

Professional Growth and Improvement Plans

Teachers with a final summative rating of Accomplished must develop a professional growth plans and choose their credentialed evaluators from the Board-approved evaluator list.

Teachers with a final summative rating of Skilled must develop professional growth plans collaboratively with their credentialed evaluators from the Board-approved evaluator list and will have input on the credentialed evaluator.

Teachers with a final summative rating of Developing must develop professional growth plans with their credentialed evaluators. The Superintendent/designee approves the professional growth plan and assigns the credentialed evaluator.

Teachers with a final summative rating of Developing must develop professional growth plans with their credentialed evaluators. The Superintendent/designee approves the professional growth plan and assigns the credentialed evaluator.

Teachers with a final summative rating of Ineffective must develop an improvement plan with their credentialed evaluators. The Superintendent/designee approves the improvement plan and assigns the credentialed evaluator.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Classified)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed at the end of the contract year, and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or non-renew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position is in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating Principals and Assistant Principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of Principals and Assistant Principals and the environment in which they work. Principals and Assistant Principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. During the 2013-14 school year, all Principals and Assistant

Principals will be evaluated based on the Ohio Department of Education's (ODE) approved Principal Performance Rating Rubric (100%). Starting the 2014-15 school year, all Principals and Assistant Principals will be Evaluated based on The ODE approved Principal Performance Rating Rubric(50%) and ODE approved Student Growth Measures (50%). With these above mechanisms in place a Final Summative Rating will be awarded. Student academic growth is determined through multiple measures.

To further clarify, Principals and Assistant principals are evaluated via two formal observations and periodic building walk-throughs. The Principal and Assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Starting the 2014-15 school year, student academic growth will be evaluated by a combination of: (1) Value-added data; (2) ODE approved assessments and/or (3) Board determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth. These student growth measures can be individualized to a particular administrator/s (i.e. a First Year Administrator without prior student growth data), and do not have to be uniformed across the school district. Resulting data from Board-determined multiple measures will be converted to a score of: (1) Above, (2) Expected or (3) Below student growth levels.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walkthroughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file. Administrators will be using the ODE approved "Professional Growth" and "Improvement" Plans (which may be tailored to their specific department if the administrator is not a Principal or Assistant Principal).
2. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss the evaluation with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contract are expiring at the end of the current school year, two evaluations must be completed. A written copy of the preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or non-renew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

6. Assistant superintendent, business managers, principals, assistant principals and other administrators are automatically re-employed for a period of one year, or for two years if such person has been employed by the District for three or more years, if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
7. All evaluation criteria, procedures and written job descriptions may be reviewed annually by the Superintendent/designee and revised as necessary.

EVALUATION OF SCHOOL COUNSELORS

Professional school counselors offer students access to high-quality services that support students' academic, career and social/emotional development. The Board evaluates school counselors in accordance with State law and the standards-based statewide counselor evaluation framework adopted by the State Board of Education (SBOE). The framework is aligned with the Ohio Standards for School Counselors.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The policy becomes operative at the expiration of any collective bargaining agreement covering school counselors that is in effect on September 29, 2015. Effectiveness Rating

School counselors are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. Each school counselor is evaluated based on multiple factors including performance on all areas identified by the standards for school counselors and the ability to produce positive student outcomes using metrics in order to determine the holistic final summative rating of effectiveness according to ODE requirements. The choice of metrics for student outcomes will be determined locally and will include information from the school or school district's report card when appropriate.

Evaluation Time Line

District administrators evaluate school counselors annually except as otherwise appropriate for high performing school counselors. Annual evaluations include two formal observations of at least 30 minutes each and informal observations. Counselors will be provided with a written report of the evaluation.

The Board evaluates school counselors receiving effectiveness ratings of Skilled on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every two years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

Professional Growth and Improvement Plans

School counselors with a final summative rating of Accomplished must develop a professional growth plan.

School counselors with a final summative rating of Skilled must develop a professional growth plan collaboratively with their evaluator.

School counselors with a final summative rating of Developing must develop a professional growth plans with their evaluator. The Superintendent/designee approves the professional growth plan.

School counselors with a final summative rating of Ineffective must develop an improvement plan with their evaluator. The Superintendent/designee approves the improvement plan.

The District has discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions for school counselors beginning with the 2017-2018 school year. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

The specific purposes of this report are to provide data for planning and budgeting for instructional improvements and for informing the public about the performance of the public schools. These data may include:

1. relation of student growth and development to the objectives of the school system;
2. suitability of educational programs in terms of community expectations;
